PROPOSAL REQUIREMENTS

Proposals are sought from individuals or collaborative teams with a concept for the creative direction of the 2021 ArchiTeam conference. The conference is to retain the small business focus of Making a Living, but explore it from a new angle and with a new theme. This focus should differentiate the conference from other Australian architecture conferences, address the needs of ArchiTeam members, and explore speakers from within and outside architecture.

If you are interested, you are required to submit the following:

- A conference proposal, which outlines your thematic concept and suggested speaker line up. This should be no more than two A4 pages in length.

- A curriculum vitae. This should be no more than one A4 page per team member.

Proposals that do not comply with the above requirements may not be considered.

SELECTION PROCESS

Proposals are to be submitted via email to the details nominated below.

The criteria for selection are:

- The relevance and appeal of your conference theme

- The strength of your proposed speaker line up, and your ability to secure such speakers

- Your capacity to deliver the conference within the required timeframe and financial constraints

The selection panel will comprise the ArchiTeam board and CEO. The panel will initially develop a shortlist of preferred candidates. Shortlisted candidates may be requested to submit further relevant material and may be interviewed by the selection panel.
